

MY VOICE™ SURVEY TESTIMONIALS

Through the lens of the 8 Conditions, the My Voice Survey gives students, staff members, and parents an opportunity to voice their feelings and opinions about their overall sense of their school's climate and culture. A school that is truly student centered seeks to foster student aspirations and motivation, and is willing to listen to the voices of all.

“The My Voice Survey is more than another assessment tool, it has changed how we relate to students. We have seen it change the lives of students.”

~Dr. James Carter, Superintendent – Selma, Alabama

“The My Voice Survey and the professional development that accompanies it have transformed education in New Hampshire.”

~Mary Heath, Deputy Commissioner – New Hampshire DOE

“We make every effort to live and breathe the middle school philosophy at our school. The My Voice Survey helps us keep our efforts on track.”

~John Stokel, Principal – Portsmouth Middle School

“There are lots of stories to be told about students and how they feel about school...the My Voice Survey gives us real data and a solid foundation to build upon.”

~Tony Pierantozzi, Superintendent – Somerville, MA

“Reviewing the results of the My Voice Survey with my students gave us a chance to discuss what really mattered to my students. We had important conversations about school that we never had before.”

~Sherry Santini, Classroom Teacher – Dennis, MA

My Voice Survey Testimonials

“We used the survey and data as a key component of our school improvement effort. The aspiration conditions served as the cornerstone of our school climate goal and student engagement. We used the data to highlight the progress we were making in attaining our school climate goals.”

~Ron Rix, Principal – Westfield, MA

“Comparing student and staff perceptions within the same school is an eye opener...we needed to take action for the sake of our kids, and we did.”

~Sue McCormick, Superintendent – Polson, MT

“My school has been using the My Voice Student and Staff Surveys for the past four years. The survey has been one of the most important driving forces behind the planning, implementation, and reflection for our school-wide plans. Student voice has been instrumental in creating a student leadership tradition in our school community where survey results help shape the program. Professional development in our school has at its core the survey results. The My Voice Survey is a powerful tool that keeps our vision focused on the eight aspiration conditions which we believe to be at the core of effective learning and teaching the whole child!”

~Susan Inman, Principal – Belfast, ME

“I couldn’t believe it when they asked us to take the My Voice Survey. It was the first time anyone at school asked me what I thought and invited me to do something about it.”

~John Yunghans, High School Student – Whitefield, NH

“After we took the My Voice Survey, teachers talked to us about things in school that were important to us. I really believe they care what we think.”

~Whitney Vachon, Student – Laconia, NH
